Our Recommendation:
- FCE - The First Certificate in English (FCE) is a must for students with an upper intermediate level of English who want internationally recognised language certification. The course strongly improves their practical language skills for both the work place and an academic environment.
- CAE - Certificate in Advanced English (CAE) is a comprehensive course for students with an advanced level of English. A CAE certificate is very well recognised internationally, especially in Europe, and in many multi-national companies. It is a great asset for working or studying in an English speaking environment.
